## **HISTORY OF ART** Bachelor of Arts

## **INTRODUCTION TO THE MAJOR**

The **History of Art** major is designed to give students a solid grounding in the artistic traditions, practices, and contexts that comprise historical and contemporary visuality. By introducing students to the discipline's history, methods, and debates, the major prepares students to pursue independent research, evaluate evidence, create coherent and sustained arguments, and develop academic writing skills. Students in the major gain exposure to different historical periods, geographical regions, and topics, while having the flexibility to pursue specific interests by selecting a Focus of Study.

## **C** Art history is undergoing dramatic transformations. We're engaging and shaping these developments. **33**

## FOCUS OF STUDY

History of Art majors concentrate a portion of their upper division coursework in a Focus of Study. By selecting a focus, students engage a specific field/ period/topic in a cluster of relevant courses taught within and outside the department. Examples include (but are not limited to):

- Art + Politics
- Materials + Materiality
- Art + Bodies
- Urbanism
- Craft
- Art + Religion
