DANCE AND PERFORMANCE STUDIES

Bachelor of Arts

Berkeley
UNIVERSITY OF CALIFORNIA

INTRODUCTION TO THE MAJOR

Students in the **Dance and Performance Studies** major will engage with dance on physical, intellectual, and aesthetic levels, growing not only as performers but also as artists, thinkers, makers, viewers, and participants in the artistic event. The practical focus of the major is on the performance and choreography of contemporary dance and dance theater. Equally important is the study of theater and dance theory, history, culture, and literature.

Many of our graduates have gone on to careers in professional dance companies. Other students have gone on to graduate study in a wide variety of arts-related fields and have developed careers in universities, nonprofits, and professional fields in health care, education, and business.
